

1. Rete idrica

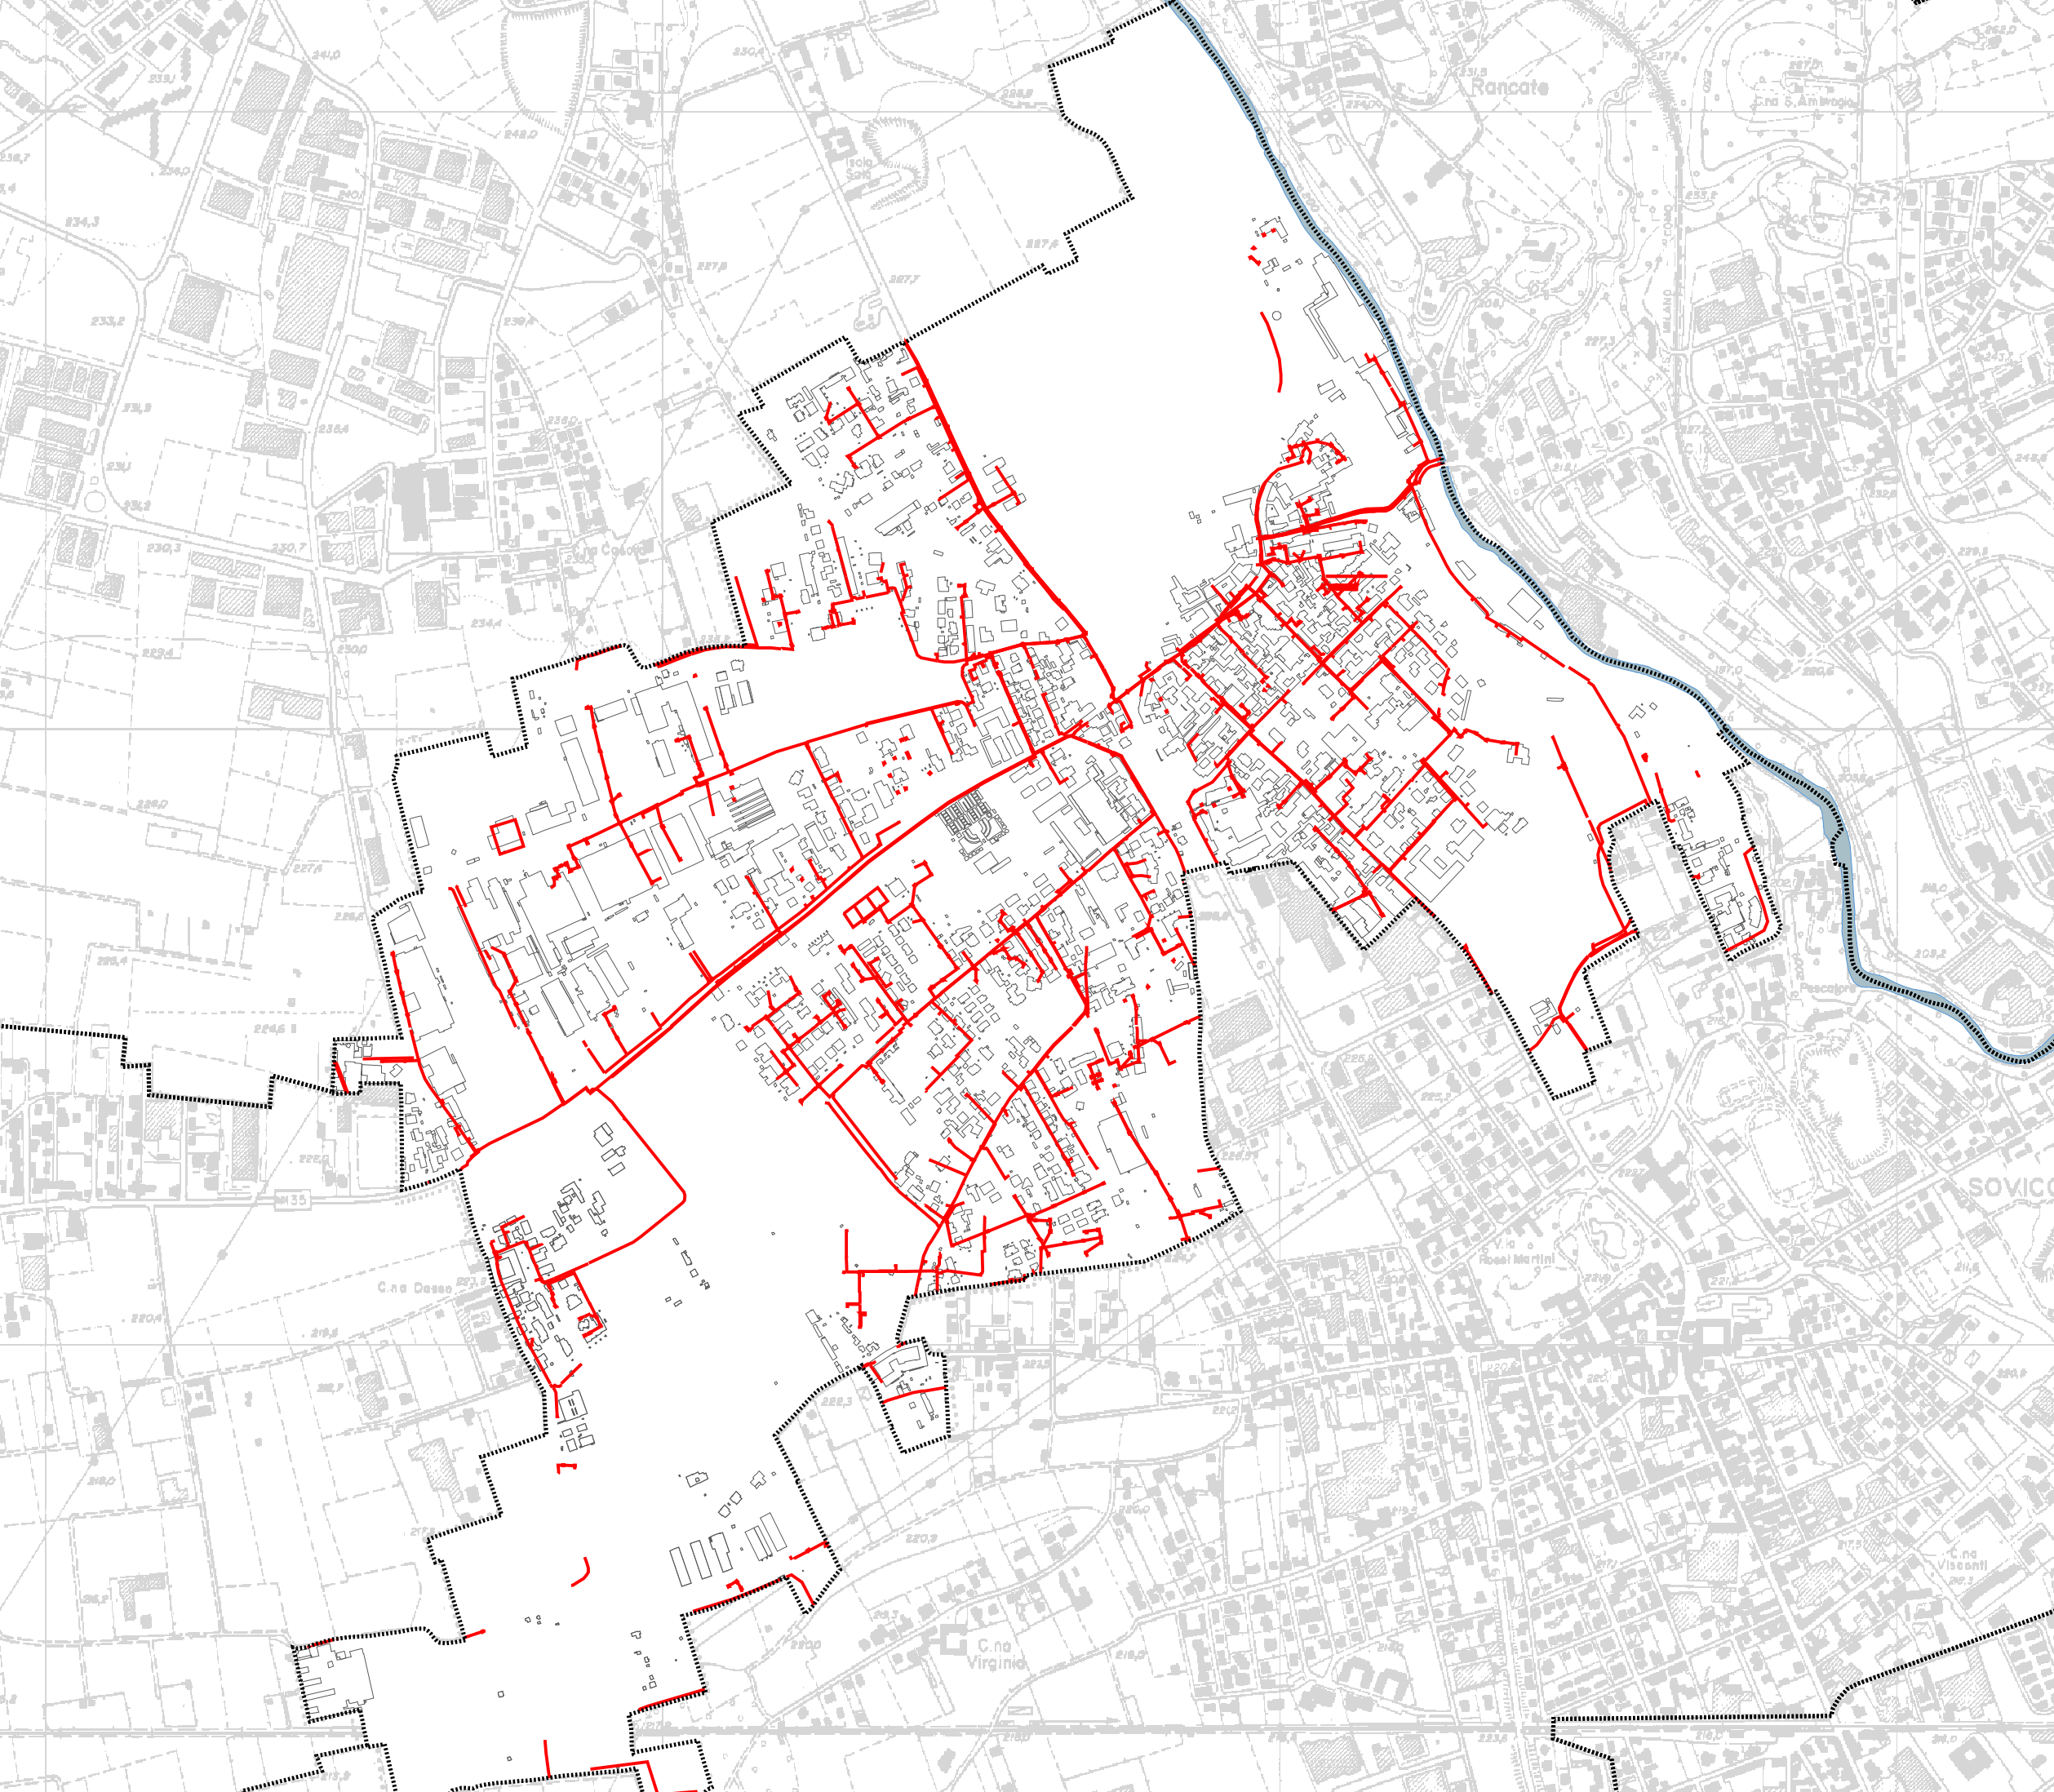

2. Rete fognaria

The map displays the sewerage network (Rete fognaria) in the area around Carate Brianza. The network is represented by a dense pattern of green lines and dots, indicating the layout of the sewerage system. The map includes labels for various locations: CARATE BRIANZA, TRUGGIO, SOVICO, and SOVICO. The network is primarily concentrated in the central urban area and follows the course of the river (Lambro) to the east. The map also shows the surrounding landscape, including fields and other urban areas.

3. Rete del gas

The map displays the gas network (Rete del gas) in the area around Carate Brianza. The network is shown as a dense web of orange lines, primarily concentrated in the urban areas of Carate Brianza and surrounding regions like Triuggio and Sovico. The map also shows roads, railways, and the boundaries of the municipalities.

4. Rete telefonica

The map displays a detailed view of the telephone network in the Carate Brianza area. A dense network of red lines represents the telephone lines, which are concentrated in the urban areas and along the main roads. The map also shows the surrounding landscape, including fields, forests, and other buildings. The red lines are clearly visible against the grey background of the map, indicating the extent and density of the telephone network.

5. Rete elettrica Terna
